Stair calculator with landing

Enter total rise, target riser, tread and landing depth (inches); results calculate automatically with the landing halfway.

Total rise	Target riser	Tread	Landing depth	Risers	Actual riser	Risers flight 1	Run flight 1	Run flight 2	Straight length
118	7.25	10.5	36	16	7.38	8	73.5	73.5	183
